The Assessor is required to appraise all properties at 100% of the true and fair market value, according to highest and best use of the property. Fair market value is the amount that a willing and unobligated buyer is willing to pay a willing and unobligated seller. The new value represents market value as of January 1, 2009, based on market evidence from sales typically occurring in 2008.

If you believe that the new value is incorrect compared to your estimate of market value as of January 1, 2009, call the Department of Assessment and GIS between 9:00 AM and 5:00 PM at (360) 397-2391.
